

WO events of interest last month were the Fête and the children's outing. An unfortunate break in the weather made it necessary to transfer the former from the Vicarage garden to the W.I. Hut but in spite of this dislocation all worked hard and their efforts were rewarded with much success. Fortunately a fine interval enabled Mrs. Hall to arrange her display of Folk Dancing by the children on the Vicarage Lawn during the evening.

We give elsewhere a brief summary of the result.

THE Children's Outing this year was to Weymouth, when a party, including some adults, of 120 enjoyed a perfect day by the sea. It was generally agreed that Weymouth provided all that could be desired for such an outing.

THE Enthronement of the Bishop of Salisbury was an event long to be remembered. Unfortunately only one ticket for admission to the Cathedral was allotted to each parish but even that limitation meant that the Cathedral was overcrowded to witness the most impressive ceremonial and to hear the Bishop's sermon. Representatives of many civic authorities were in the procession with mace bearers, together with representatives of the Navy and Army and the Lord Lieutenant representing the King.

The new Bishop served for many years in the Navy and won distinction before becoming Bishop of Portsmouth and we have every reason to think that the Diocese is greatly blessed by his appointment to Salisbury.
